Howland Wood Esq.,
Curator American Numismatic Society,
Audubon Park, New York City.

Dear Mr Wood:

I beg to hereby confirm my verbal statement to you that my nett cash figure for the collection of Historical Medals appertaining to the French Revolution of 1848, is Two Hundred Dollars.

I value it in view of many circumstances with which you are as familiar as I, so that I need not repeat them, at a much higher sum but having my life and leisure full of another branch of study, I would prefer to sacrifice the lot for the sake of seeing them kept together.

I have no doubt but that even the French Government would be interested but I am too busy just now to take special pains to push the matter before their attention.

If the Society wants the collection I will naturally do all I can to help you put it in desirable shape, as a matter of friendship.

Very sincerely yours

Frank C. Higgins.

Dear Howland:

The next time you are on your way down to "Tommy's" Treasure Trust in E. 23rd St will you be good enough to carry my Amos Vico Volume with you and exchange it with Miss Manning for the Society's receipt, which I will leave with her for the purpose.

Trusting the big Woods and little Bushes are all prospering and looking for the honor of a visit some day when you pass this corner.

I remain. Cordially yours

Frank De. Higgins.

New York.

Dear Frank:-

I was down-town Saturday and left the Vico volume with Elder, that you asked to have returned.

I get down-town very seldom, but intend to drop in and see you some day.

Things are going well up this way, and believe me,

Very truly yours,
